AstraCare Medical services

IN PARTNERSHIP WITH

euclid TELEHEALTH

1 in 5 Canadians will suffer from preventable vision loss. Together we'll change that.

AstraCare Medical Services and Euclid Telehealth have entered into a partnership to deliver an eye disease screening program on-site at our clinic.

Ask your doctor for a referral.

Based on your physician's recommendation, Euclid may be contacting you to schedule a specialized 20-minute eye disease screening appointment.

Fully covered by B.C. Medical Services Plan

Who needs eye disease screening?

- Patients age 40 or over
- Diabetics
- Family history of eye disease

The Euclid Approach

Our team of skilled technicians, and passionate network of Ophthalmologists, are committed to providing improved access to specialized ocular health care, in a convenient, accessible, and informative manner.
